## 1. GENERAL

OECD Member Countries' Statistics 1981–17th Year — No. 109
OECD Council Meeting at Ministerial Level — 111
World Interdependence: Demography, Trade — 114
OECD Member Countries' Statistics 1982–18th Year — 115
OECD Council Meeting at Ministerial Level — 116
OECD Member Countries' Statistics 1983–19th Year — 121
Two Ministerial Meetings:
- OECD Council
- International Energy Agency Governing Board
Conclusions on Energy Requirements and Security — 122
Japan, Then... and Now — 127
Japan and the OECD
*by Shintaro Abe, Japan's Minister for Foreign Affairs* — 127
A Japanese Viewpoint
*by Dr. Saburo Okita, former Japanese Foreign Minister* — 127
OECD Member Countries' Statistics 1984–20th Year — 127
Ministers Discuss Trade, Finance and Economic Recovery — 129

## 2. ECONOMIC POLICY

Developing Countries and the Oil-Price Shock — 109
Youth Unemployment:
- Search for New Approaches
- Germany: Vocational Training and Longer School Attendance — 109
Wages, Inflation and Jobs — 110
The Demand for Energy: Sharp Reaction to Second Oil-Price Shock — 110
OECD Aid for Turkey — 110
Delayed Recovery
Highlights from OECD Economic Outlook, July 1981 — 111
Declining Economic Performance:
Four Areas for Concern — 111
Cyclical Developments and Leading Indicators — 112
Budget Financing and Monetary Control
*by Adrian Blundell-Wignall and J.C. Chouraqui* — 113
Is there a Fourth Economic Sector?
*by Hans Peter Gassmann* — 113
Recall of Unsafe Products
*by Lars Øftedal Broch, Director General, Ministry for Consumer Affairs and Government Administration, Norway* — 113
World Interdependence: Demography, Trade — 114
Tax Trends and the Impact of Taxes on Different Income Groups — 114
The Hidden Economy and National Accounts
*by Derek Blades* — 114
Slow Road to Recovery
Highlights from OECD Economic Outlook, December 1981 — 114
Comparing Real Standards of Living — 115
Country Problems and Strategies: France, Austria, Denmark — 115
The Cost of OPEC II
*by Sylvia Ostry, John Llewellyn and Lee Samuelson* — 115
Protectionism vs. Economic Policy
*by Emile van Lennep, OECD Secretary General* — 115
Unemployment:
- What Threatens Jobs?
- Ministers Discuss the Unemployment Problem
- 28½ Million Unemployed — 115
OECD Council Meeting at Ministerial Level — 116
The United States and Europe:
Coping with Change
*by Sylvia Ostry and Val Koromzay* — 116
Country Problems and Strategies:
Belgium, Norway, Spain, Switzerland — 116
Highlights from OECD Economic Outlook, July 1982 — 117
Country Problems and Strategies:
Germany: Public Sector Trends
The United States: The New Strategy — 117
More Savings: A Key to Non-Inflationary Growth? — 117
Approaching the Hedgehog — 118
Country Problems and Strategies:
Japan: Balance of Payments Surplus, Budget Deficit — 118
Getting the Balance Right
*by Emile van Lennep, OECD Secretary General* — 119
Positive Adjustment Policies: Key to Economic Recovery
*by Wolfgang Michalski* — 119
Transparency: A Prerequisite for Positive Adjustment
*by Georges Eads and Edward M. Graham* — 119
Highlights from OECD Economic Outlook, December 1982 — 120
Country Problems and Strategies: Portugal — 120
Big Government – How Big Is It? — 121
International Perspectives
- Oil in 1982
- Comparing Unemployment Rates
- United States Consumer Price Index — 121
Country Problems and Strategies:
Finland, the Netherlands and United Kingdom — 121
Country Problems and Strategies:
Belgium, Luxembourg, Turkey — 122
Rising Income – the "Split" between Output and Inflation
*by David Coe and Gerald Holtham* — 123
Fostering the Recovery – Highlights from OECD Economic Outlook, July 1983 — 124
Recovery Alone is Not Enough
*by Emile van Lennep* — 125
International Banking: Controlling the Risks
*by Rinaldo Pecchioli* — 125
Social Expenditure: Erosion or Evolution? — 126
Strengthening the Recovery – Highlights from OECD Economic Outlook, December 1983 — 126
Japan, Then... and Now — 127
Japan and the OECD
*by Shintaro Abe, Japan's Minister for Foreign Affairs* — 127
A Japanese Viewpoint
*by Dr. Saburo Okita, former Japanese Foreign Minister* — 127
The Long Term Performance of OECD Economies – Challenges Facing Governments — 127
Big Government: It It Too Big?
*by Peter Saunders* — 127
North-South Interdependence and Economic Reform
*by Emile van Lennep* — 128

East-West Economic Relations: A Longer-Term Perspective
*by Stephen Marris* — No. 128
Spending Through the Tax System: A Review of the Issues
*by Jeffrey Owens* — 128
Obstacles to International Trade in Services: Banking — 128
Tight Budgets and Changing Educational Needs — 128
Ministers Discuss Trade, Finance and Economic Recovery — 129
Collective Bargaining and The Economic Recovery
by Oliver Clarke — 129
Highlights from OECD Economic Outlook, July 1984 — 129
Country Problems and Strategies: Portugal and Turkey — 129

## 3. ENERGY

Developing Countries and the Oil-Price Shock — 109
The Demand for Energy: Sharp Reaction to Second Oil-Price Shock — 110
World Oil Markets: A Short-Term Outlook
*by Herman T. Franssen and James R. Bretherton* — 110
Recent Experience with the IEA's International Sharing System
*by J. Wallace Hopkins, Deputy Executive Director, International Energy Agency* — 110
Nuclear Safety in the Fuel Cycle:
What Are the Risks of Accident?
*by J.P. Olivier, OECD Nuclear Energy Agency (NEA)* — 110
Synthetic Fuels: OECD/IEA High Level Group Proposes Plan for Commercialisation
*by Niels de Terra and Willem Smit* — 111
Towards a Minimum Oil Economy:
Progress of Eight Countries — 111
Coping with the Oil Crisis:
An Energy Minister's Point of View
*by Poul Nielson, Minister of Energy, Denmark* — 111
Energy and Aid — 111
Key Issues Related to Nuclear Power — 112
Energy: Market Forces and Government Action
*by Ulf Lantzke and Fred Gorbet* — 113
Canada-Alberta Energy Agreement — 113
Plutonium and The Environment — 113
The Cost of OPEC II
*by Sylvia Ostry, John Llewellyn and Lee Samuelson* — 115
What Prospects for Nuclear Energy? — 116
Natural Gas: A New Energy Dependence? — 116
Energy: Reactions in Agriculture — 116
Cleaning Up Coal Pollution: Costs and Benefits
*by Ian M. Torrens* — 118
The Deceptive Glut — 119
World Energy Outlook
*Interview with Ulf Lantzke, Executive Director of OECD's International Energy Agency* — 119
Revision of the Conventions on Third-Party Nuclear Liability: Compensating the Victims of an Accident
*by Patrick Reyners, Head of Legal Affairs, OECD Nuclear Energy Agency* — 120
International Perspectives
- Oil in 1982
- Comparing Unemployment Rates
- United States Consumer Price Index — 121

Two Ministerial Meetings:
- OECD Council
- International Energy Agency Governing Board
Conclusions of Energy Requirements and Security — 122

How Will Coal be Affected by Oil-Price Reductions?
*by Ulf Lantzke* — 122
The Breeder Reactor in an Energy Supply Strategy — 123
Environmental Effects of Energy Systems:
The OECD COMPASS Project
*by Ian M. Torrens* — 124
Support for Third-World Energy — 125

## 4. ENVIRONMENT

Environmental Policies in New Zealand — No. 109
Oil Spills – Compensation for the Victims — 109
POLICIES FOR THE EIGHTIES – The Environment — 110
- The Need for Political Will
*by Emile van Lennep, OECD Secretary General* — 110
- Geo-Economic and Geo-Political Change
*by Jacques Lesourne* — 110
- Protection of the Environment: More than the Sum of National Policies
*by Saburo Okita* — 110
- Global Risks and the Need for Educated Intuition
*by Harlan Cleveland* — 110

Plutonium and the Environment — 113
World Interdependence:
- Maintaining Biological Diversity
- Loss of Croplands and Degradation of the Soil — 115

Aid and the Protection of the Environment — 116
Control of PCBs: Implementing and OECD Decision
*by Brendan Gillespie* — 118
Rebirth of Cities — 121
Environmental Effects of Energy Systems:
The OECD COMPASS Project
*by Ian M. Torrens* — 122
The Greek Environment: The Need for Action — 125
Transfrontier Movements of Hazardous Waste:
Getting to Grips with the Problem — 127
Protection Against Hazardous Chemicals:
An OECD Recommendation to Exporting Nations — 128
What Goes Up Must Come Down: The Acid Rain Problem
*by Ian M. Torrens* — 129

## 5. TRADE

North-South Technology Transfer
- The Adjustments Ahead
- The Petrochemical Industry
- The Threshold Concept
- A View from the Developing Countries
- The International Code of Conduct on the Transfer of Technology
*by Jacques Delorme, Vice President of the European Patent Office* — 109

Recent Changes in Trade Policy — 111
Trade in Services — 111
The Third World: Aid and Trade — 113
OECD and the NICs: The Current Trade Pattern — 113
Agreement on Export-Credit Terms — 113
World Interdependence: Demography, Trade — 114
China's Place in World Trade — 114
Countertrade: A Modernized Barter System
*by Jacques de Miramon* — 114
Agricultural Trade — 116
Getting the Balance Right
*by Emile van Lennep, OECD Secretary General* — 119
Tariff Preferences for the Developing Countries:
A Dozen Years of Progress
*by Anthony Kleitz* — 121
Economic Recovery: The North-South Trade and Debt Nexus — 122
Strengthening the Export Capacity of Low-Income Countries Commodities — 122
East-West Technology Transfer: The Case of Poland — 122
Associated Financing: Guidelines to Prevent the Distortion of Aid — 123
Export Credits: Revised Guidelines — 125
The Obstacles to International Trade in Services:
- Insurance
- Tourism — 126

East-West Economic Relations: A Longer-Term Perspective
*by Stephen Marris* — 128
Obstacles to International Trade in Services: Banking — 128

No.

Ministers Discuss Trade, Finance and Economic Recovery 129
The Consumer: A Force Against Protectionism 129

## 6. DEVELOPMENT

North-South Technology Transfer
- The Adjustments Ahead
- The Petrochemical Industry
- The Threshold Concept
- A View from the Developing Countries
- The International Code of Conduct on the Transfer of Technology

*by Jacques Delorme, Vice President of the European Patent Office* 109

Developing Countries and the Oil-Price Shock 109
The Role of Women in Development 109
OECD Aid for Turkey 110
Aid in 1980 111
Energy and Aid 111
The Case of the Least Developed Countries – A Challenge to Global Solidarity
*by Emile van Lennep, OECD Secretary General* 112
Private Aid and Official Development Assistance – Towards Closer Collaboration 112
International Direct Investment: A Change in Pattern 112
New North-South Investment Strategies 112
The Third World: Aid and Trade 113
Aid Issues – 1981 and Beyond
*by John P. Lewis, Chairman of OECD's Development Assistance Committee (DAC)* 113
How Serious is the Third World's Debt Problem? 113

The Consumer: A Force Against Protectionism 129

## 8. AGRICULTURE AND FISHERIES

Progress on Food Policies 112
World Interdependence:
- Maintaining Biological Diversity
- Loss of Croplands and Degradation of the Soil 115

Agricultural Trade 116
Energy: Reactions in Agriculture 116
Multilateral Action or Agricultural Protection?
*by Emile van Lennep, OECD Secretary General* 120
Ministers Discuss the Agricultural Problem 120
The Outlook for Agricultural Policies and Markets 120
Income Support for Farmers 122
Dairy Products: Adjusting to a Deteriorating Market 124
The Prospects for Soviet Agriculture 125
Green Energy – The Pros and Cons of Biomass 128
Overfishing and the New Law of the Sea
*by Karl Sullivan* 129

## 9. INDUSTRY

Stimulating Innovation in Small Firms 113
Recall of Unsafe Products
*by Lars Øftedal Broch* 113
The Steel Market 118
Telecommunications Equipment: Even a Growth Industry Can Have Structural Problems 119
Hope for Car Makers 119
Textiles and Clothing: Economic Forces Stronger than Government Policies 120
Should There Be More Competition in Telecommunications?
*by Henry Ergas* 121
Science and Technology Indicators
*by Alison Young* 121
Towards a World Auto Industry 123
Robots: The Users and The Makers 123
Aluminium: Restructuring an Energy-Intensive Industry
*by Jean Guinet* 124

Technological Innovation: Key to Progress in Less-Industrialised Countries 126
Computer Crime
*by Martine Briat* 127

## 10. SCIENCE

North-South Technology Transfer
- The Adjustments Ahead
- The Petrochemical Industry
- The Threshold Concept
- A View from the Developing Countries
- The International Code of Conduct on the Transfer of Technology

*by Jacques Delorme* 109
POLICIES FOR THE EIGHTIES – Science and Technology Breaking Out of a Vicious Circle
*by Emile van Lennep, OECD Secretary General*
Ministerial Declaration on Future Policies for Science and Technology 110
Is There a Fourth Economic Sector?
*by Hans Peter Gassmann* 113
Stimulating Innovation in Small Firms 113
Energy Savings Through Information Technologies
*by Kenneth and Hans Peter Gassmann* 114
Vulnerability of Computerised Society 114
The Electronic Revolution in the Workplace
*by David Z. Beckler* 115
The Promise of Biotechnology... and Some Constraints
*by Bruna Teso* 118
Should There be more Competition in Telecommunications?
*by Henry Ergas* 121
Science and Technology Indicators
*by Alison Young* 121
East-West Technology Transfer – The Case of Poland 122
Robots: The Users and the Makers 123
Technological Innovation: Key to Progress in Less-Industrialised Countries 126
Computer Crime
*by Martine Briat* 127

## 11. EDUCATION

New Groups of Students in Higher Education 112
Education Equality for the Handicapped 112
Compulsory Schooling – Policy Areas for the Next 20 Years 112
Re-examining Equality of Educational Opportunity
*by David Istance* 115
Education and Work: The Views of the Young 118
Tight Budgets and Changing Educational Needs 128

## 12. MANPOWER AND SOCIAL AFFAIRS

Youth Unemployment
- Search for New Approaches
- Germany: Vocational Training and Longer School Attendance 109

OECD's Social Indicators: A Measure of Well-Being 113
World Interdependence: Demography, Trade 114
Energy Savings Through Information Technologies
*by Paul Kenneth and Hans Peter Gassmann* 114
Unemployment:
- What Threatens Jobs?
- Ministers Discuss the Unemployment Problem
- 28½ Million Unemployed 115

The Impact of Minimum Wages on Youth Employment 117
Education and Work: The Views of the Young 118
The Impact of Minimum Wages on Young People's Jobs: the French Experience 118
Employment Dislocations 119
Big Government – How Big Is It? 121
Women at Work: More Jobs – More Jobless 121

International Perspectives
